WHO SHOULD CARE ABOUT NEWS SEO?

REPORTERS / EDITORS

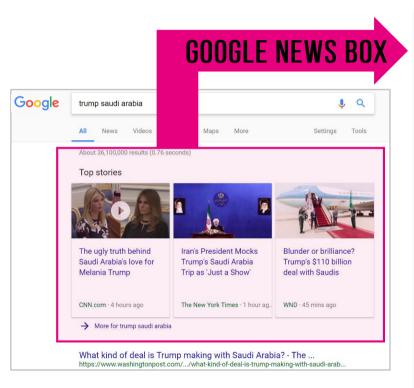

- What are readers searching for, specifically for news topics or keywords?
- What keywords and stories am I missing?
- What is the search visibility of my stories (so that more people can see them)?

SEOS / AUDIENCE DEVELOPMENT

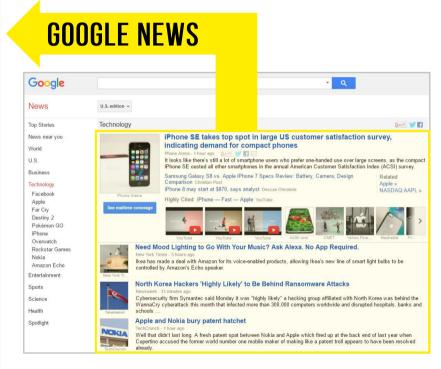

- How much of our traffic/readers are referred from search? Google News specifically?
- How does our website perform compared with competitors?
- What is our search visibility, and how is that changing over time?
